

IBM SKILLSBUILD INTERNSHIP REPORT

IBM SkillsBuild FRONT END WEB DEVELOPMENT Internship Program 2023 is a project-based domain-specific event where participants get an opportunity to learn from the subject expert, get mentored by industry professionals, and compete with teams from other colleges at the national level for **FREE**. IBM SkillsBuild badges will be provided to all the participants along with special participation certificates issued by CSRBOX on successful completion of the Internship Program. Also, placement support, internship assistance, or entrepreneurial benefits will be provided to all the participants.
